AUTO LOOP FEATURE | LOW COST SOLUTION  
STARTS RECORDING VIDEO AFTER  
DETECTING MOTION

## Secure My Home

After a lot of suggestions from our customers, we have finally come up with the THIEF DETECTOR app. Position your phone properly (preferably opposite entrance), leave the app open. As soon as any motion is detected, the phone starts recording the video automatically. This way, you can detect the trespasser. On starting the app, phone goes in silent mode, to avoid any unwanted sound by the phone. Features - 1. Customizable sensitivity - you can adjust the sensitivity of motion (for example if you want to detect even the slightest motion - say of a rat - you can) 2. Customizable duration of recording. (10 sec - 10 minute) 3. Auto loop - It automatically repeats motion detection algorithm automatica...
